

Food Banks BC – Winter Weather Grant

The COVID pandemic has forced food banks to operate differently in order to adhere to public health guidelines.

Food Banks BC is supporting our members by providing **up to \$2,000** in funding to be used towards the purchase of items to alleviate the impact of winter weather on your clients and operations during this challenging time.

Items such as tents with walls and weights, space heaters, umbrellas, folding tables and cones are covered by this grant.

Many members use Uline (uline.ca) as a supplier, however, it is your choice as to the vendor you use.

How to Apply

Once you made your purchase, please submit receipts to Christine at admin@foodbanksbc.com or fax to 604-498-1795 and Food Banks BC will reimburse you.

For any of you who need further support with winter weather items, regardless of whether you have accessed the \$2,000 allocation, please contact us to discuss how we can support.

If you have any questions about eligibility of an item, please email admin@foodbanksbc.com or call the office at 604-498-1798.
